

## Job Opening – Construction Laborer

### Job Description:

Our growing business is looking for self-motivated and hardworking individuals who like being outdoors and have an interest in construction. The successful candidate(s) will be part of a construction team and will participate in duties that pertain to concrete, carpentry and metal buildings.

### Duties for a Laborer:

- Work as a Team member
- Assist in concrete, carpentry and/or metal building construction
- Use power tools
- Follow safety policies and work safely

### Qualification Requirements:

- Valid driver's license
- Class E required after 90 days
- Pass pre-employment drug test using hair analysis
- Ability to lift 50 lbs.
- Able to work in heat and inclement weather
- Ability to understand instructions and learn
- Good attendance

Pay will be based on experience

### Additional Desired Skills:

- Experience in concrete, carpentry and/or metal building construction
- Experience operating equipment
- OSHA or MSHA certifications

### Job Type:

- Full time Monday thru Friday
- Occasional overtime may be required
